Safe Technology

iboss filtering, student use of school network, and the iboss report were discussed. The question arose about the ability to block specific applications. Adrian will contact Sam Quantz for an answer.

Counselor Report

Counselors have been working hard on 8th grade CCR's and are about 75% done. 7th grade group CCR's will happen in CCA classes in the near future. We will be having a career week instead of a single career day in Dec. Students will be able to focus on pathways that interest them. Our new half time counselor and social worker have been a great help with groups, attendance, etc. Voices group and attendance initiatives were discussed. Attendance is up. There has been a change to how students are assigned to counselors. More detail to be published in an upcoming school newsletter. Our social worker is here 2-3 days a week to meet with tier 3 students. The staff will have some mindfulness exposure once a month at faculty meeting.

SIC

How the makeup of SIC is determined was reviewed. SIC has added an ELL representative in order to better serve this population of students at Clayton.

PTA

Community of caring went well. The bully map data should be tallied today and has led to many good conversations throughout the building. Reflections is finishing up and a request was made to have an open house to display work. Thanksgiving baskets and items for the holiday store are being assembled for delivery to students in need. We may be able to get some food items via a donation to East High from the LDS church

Upcoming Events

Thanksgiving break and student government day of service.
